

EUROPEAN FORUM OF PSYCHOMOTRICITY

Student Academy 2006

30th of March to 2nd of April

I SPEAK TWO LANGUAGES: ENGLISH AND BODY

Mae West

We invite all European students of psychomotor and relaxation therapy to come to Denmark for the 7th Student Academy. The Academy is a chance to meet other students, to learn new approaches and is a great forum for exchange.

I speak two languages: English and Body is the motto for the Student Academy. We have decided upon this motto, as *English* is a language that is widely spoken and understood. *Body* is a language spoken by all psychomotor students and we hope you will be more fluent in *Body* when the academy is over.

Denmark was the first country in the world to establish a formation in psychomotricity. The first International Congress on Release of Tension and Reeducation of Functional Movement was hosted in Denmark in 1959 and the first Student Academy of the European Forum of Psychomotricity was held in Denmark in 1999.

The Student Academy will take place at the same time and place as the meetings of the commissions and the presidium of the European Forum of Psychomotricity.

We look forward to bringing old and new approaches together in the Student Academy of 2006, to renew friendships and to promote our profession.

Do not miss this opportunity to:

- See Copenhagen
- Meet other students
- Meet professionals from European Forum of Psychomotricity
- Learn new approaches in Psychomotricity
- Party with friends and future colleagues
